
Jutland Mare's Election 2009

Mare of the Year 2009:
Munkevangens La Fiere/
Photo: Camilla B Christensen

In the weekend August 8th-9th FHF had arranged the annual, regional event of Mare's election and Foal and Youngster Show hosted by Stald Tougård in Viborg. The number of horses was fair, with a total of 31 horses of which 11 were mares for election.

Mare of the Year

The title as Mare of the Year was awarded the 4 year old Munkevangens La Fiere (by Sofus Landlyst out of Obella Glerup by Tarzan Klintegård, bred and owned by Keld Lund, Spøttrup), who stood out from the rest partly with her particular good type and partly by her black color. La Fiere scored 9 overall as well as 8 for both walk, trot and canter and won the title in front of Maj-Ling af Vestergård (by Mistral out of Madonna by Kejser af Iglsø, bred and owned by Niels Vestergård, Hemmet), who scored 8 in type and overall.

3 year old mares

The lot of 3 year old mares was represented by 4 horses, of which 2 was awarded 1st grade and 2 was given 2nd grade, both with 7 in overall conformation. Two of the mares were imported from Sealand and brings new combination options for the Jutland based stallions. The lot represented the blood of both the well known and well proven Mistral and Merlin Dyr-

viggård, based in Jutland, as well as Chaik Hulsøgård and Elstedgårds Bolero, stallions based on Sealand whose number of coverings has been more modest.

4 year old mares

The 4 year old lot was the largest with 5 horses, of which the above mentioned Munkevangens La Fiere took all the glory. Reserve wing was the mare Østergårds Fiona (by Ivanhoe out of Ravnsgårds Nanna by Sæddings Adonis, bred and owned by Anja Østergård, Sdr. Omme) with 8 in overall score, thus also 1st grade, followed by 3 mares with 7 in overall score, thus 2nd grade.

The mare on the wing is by Sofus Landlyst and it is an interesting observation that of only 3 mares born by him as a result of his one year license in 2004, 2 of them has now achieved 1st grade. The third one we are still awaiting to be shown. Otherwise the blood represented in this lot is quite ubiquitous, although representing 4 different sires: Milton Skyttegård, Salisbury Vejleby, Ivanhoe and Mistral.

Older mares

The oldest mare to be shown was Vestergård's Cheval (by Zarif Langløkkegård out of Tulle by Nobilis Fyrkilde from Peter Vanggård Jensen), who with a birth date

Jutland Mare's Election 2009

back in 1992 was shown in a fantastic condition. Genetically her croup and forelimbs left things to desire for, but apparently this had not been transferred to the charming foal (by Engkildegård's Nugent), that she brought along and interestingly her movements were not affected by the weaknesses of her exterior, thus she was able to score 7 in all three gaits. Cheval was however not able to get past Tastum Queen (by Sæddings Adonis out of Tastum Daisy by Aladdin Lyngholt from Lisbeth Jensen, Lemvig), who achieved the wing position in the lot for 5 year and older mares scoring mostly 7s, although only being entered into the appendix register to the studbook due to missing pedigree information in the 3rd generation on the dam's side.

Foals

The big framed filly foal Slot's Viktorie (by Hyldekærs Calvano out of Rasch's Athene by Milton Skyttegård, bred and owned by Brit Jensen, Vinderup) conquered the title as Foal of the Year. She is a foal with great capacity in the movements, even though not as feminine in the expression as desired. She won the title in front of the best colt foal, Gilbert Svinding (also by Hyldekærs Calvano out of Sonnerupgårds Diane by Salisbury Vejleby, bred and owned by Helle Handll, Randers), who in spite of an extremely good type was ranked second to the well moving filly foal.

Youngsters

Youngster of the year was selected among 1 year old fillies and colts and 2 year old mares and the title was won by the stallion Bakkegårds Picasso (by Mistral out of Ravnholt's Pippi by Prins, owned and bred by Yvette Thomsen, Holstebro), who is full brother to performance test record holder from 2008, Stormsens Vivaldi. Picasso impressed the judges and achieved 9 for type, 8 for frames, 9 for limbs, 9 for movements and 9 overall and with these notes the other horses in the lot did not stand a chance, although the main part was likewise of a high quality, scoring 8 in overall conformation.

2 two year old stallions was shown for a voluntary pre-inspection prior to the main young stallion selection ultimo September and both were recommended to proceed to the main selection. It concerns Højdalgårds

Remus (by Ramir out of Maja Maglegård by Hjem, bred and owned by Anita Hansen, Egtved) and Stald Caka's Santos (by Salisbury Vejleby out of Sanita by Savoy, bred by Karin Littau, owned by Dorte Simonsen, Kjellerup). The stallions are not ranked and the descriptions are not published, as they will receive a "full treatment" at the later selection.

Dressage

5 riders had entered the L-level dressage test, and the results were very close. The test was won by Christina Juul with Yaspisgårds Bati (by Arkebal, owned by Kjeld Kristiansen, Ålestrup, bred by Reno Olsen, Skjern) with 62.2%

More pictures possible to follow.
